

Chestnut Hill

Welcome to Chestnut Hill, a charming, affluent suburb of Boston best known as the home of Boston College. Yet, there's definitely not a college town vibe to Chestnut Hill.

Known for its tree-lined streets and spacious estates, Chestnut Hill is a quiet enclave, home to many well-to-do families, academics and young professionals.

Portions of the village overlap Newton, Brookline and Boston, providing access to highly rated public schools. Although the majority of its nearly 10,000 residents are home-owners, renters can find well-appointed apartment communities in scenic residential neighborhoods.

Along Route 9, upscale shopping malls such as The Street and The Shops at Chestnut Hill are considered destination shopping with town-center-like charm. Throughout the village, a wealth of dining options are at your doorstep.

Chestnut Hill seamlessly blends natural beauty and ample green space into the landscape, with the Chestnut Hill Reservoir, Cassidy Playground and Hammond Pond Reservation offering picturesque settings for outdoor recreation.

With the famous Heartbreak Hill section of the Boston Marathon passing through Chestnut Hill, the area holds a special place in Boston's sporting history, attracting runners and spectators alike. If it's suburban sophistication you seek, this idyllic neighborhood fits the bill.
