

Chestnut Hill Realty

Managing People's Apartment Homes with Pride

Digital Platforms and Data Systems Manager (Chestnut Hill, MA)

Work for an award-winning company where you will help with transformative innovation while enjoying the flexibility and support you need to succeed. Combine strategy and cutting-edge technology in a role that drives the future of real estate operations.

Chestnut Hill Realty has an exciting opportunity for a **Digital Platforms & Data Systems Manager**. In this newly created role, you will maintain our key digital platforms, improve system efficiency, and ensure data is accurate and accessible company wide. You will work closely with departments across our portfolio to support reporting needs, streamline workflows, and enhance the overall user experience. You will be leading the platforms to help drive efficiency, accuracy, and insight across our portfolio through technology and data.

As Digital Platforms and Data Systems Manager, you will:

- Oversee the administration and continuous optimization of CHR's core business platforms, ensuring they effectively support operational workflows and business objectives.
- Establish and enforce data management standards, including data quality, consistency, ownership, and reporting protocols across all core systems.
- Lead the design, implementation, and support of system integrations, ensuring reliable, secure, and efficient data flow between platforms.
- Ensure the integrity, accuracy, and accessibility of data used in any analytics and business processes.
- Lead and manage platform-related projects, including system enhancements, new implementations, and cross-departmental initiatives.
- Drive continuous improvement of digital platforms

Are you the right person for the job?

- Bachelor's degree in computer science or related degree, or equivalent work experience required
- Minimum of five to seven (5-7) years' experience with (platforms/business systems)
- Minimum of two (2) years project management experience preferred
- Experience in real estate, property management, or similar operational environments preferred.
- Experience supporting and optimizing integrated systems ecosystems, including ERP, CRM, and operational platforms (Yardi or similar strongly preferred).

Some of the benefits to you:

- Excellent benefits package including: medical, dental, vision, 401(k), your birthday off, PTO for volunteer hour
- Chestnut Hill Realty apartment discount
- Hybrid work model (on-site and remote flexibility)
- Opportunity to shape the future of technology in a growing company
- Strong promote-from-within company culture

The salary range for this role is \$110,000-135,000 annually and is dependent on factors such as relevant experience, skills, qualifications, and geographic location. Along with competitive pay, we're proud to offer great benefits and ongoing opportunities for learning and growth.

All job offers are contingent upon satisfactory background check.
